

GUIDELINE NO: 3.2
Drinking Water Operator/Water Quality Analyst Certification
Updated: June 2006

GUIDELINE TITLE: LIMITED SYSTEM DIRECTOR APPROVED COURSE OF STUDY

PURPOSE

To identify the courses that will be recognized as being “Director Approved” course of study, and the mark that the Director considers satisfactory for such course.

CONTEXT

Schedule 2 of O. Reg. 128/04 specifies the qualifications a person needs in order to secure a limited system operator certificate. One of the qualifications is that “*The person must have completed a course of study approved by the Director and must have obtained a mark that the Director considers satisfactory in the course*”.

LIMITED SYSTEM DIRECTOR APPROVED COURSE

The following course will be recognized by the ministry as the Limited System “Director Approved” course. The mark the Director will consider satisfactory for the course is the mark considered a ‘pass’ as defined within the course.

- Operation of Small Drinking Water Systems - a correspondence course by the Ontario Ministry of Environment available through the Walkerton Clean Water Centre (866-515-0550) or www.wcwc.ca

Approved July 2006
